

LA NUIT DU CIRQUE CALL FOR PARTICIPATION

15, 16 & 17 NOV 2024

6TH EDITION

Territoires
de
cirque

GET INVOLVED IN LA NUIT DU CIRQUE 2024!

Any event that is open to the public and showcases contemporary circus creation can be an official part of La Nuit du Cirque.

Who can register?

If you are:

- a distributor or producer
- a local government
- a cultural service
- a city theatre
- a circus school
- a circus company booking its own shows
- a workshop or residency space
- a museum...

... based in France or internationally, you can participate!

Just contact the **Territoires de Cirque liaison organisation** coordinating La Nuit du Cirque in your region or country.

For further information, please get in touch with the Territoires de Cirque at:

→ nuitducirque@territoiresdecirque.com

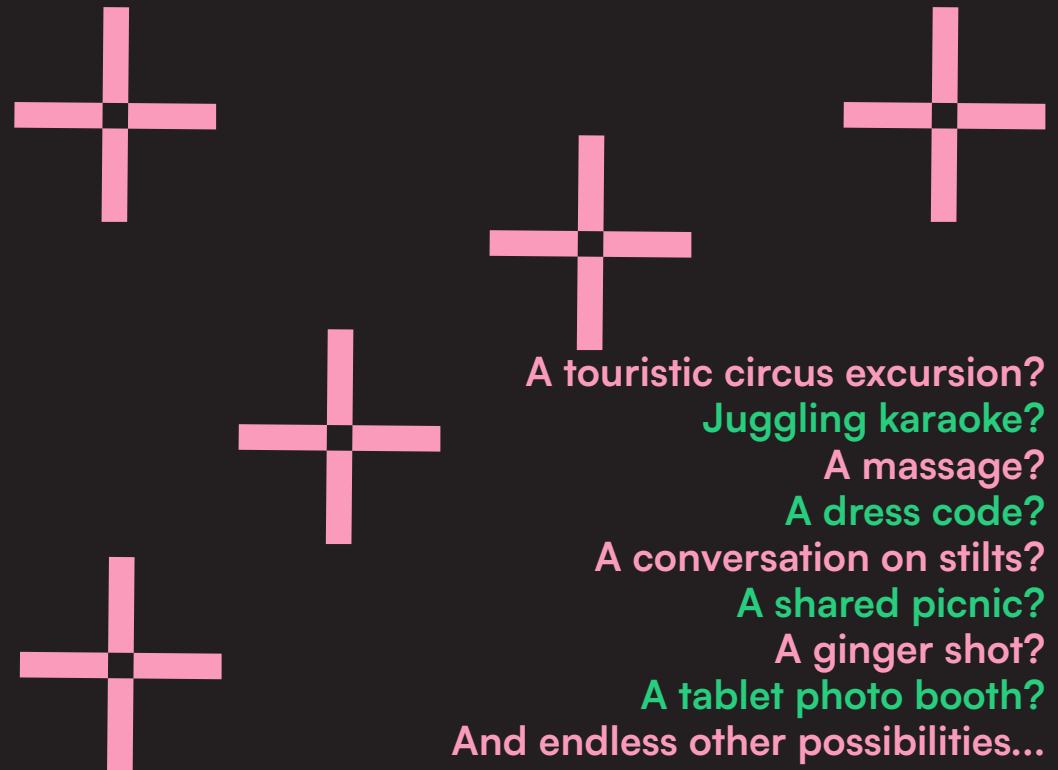

For the 6th edition of La Nuit du Cirque, what if the common denominator for all events in France and around the world was a value dear to the creative circus?

Conviviality. The kind that creates harmony, inspires social interactions, soothes and strengthens, and brings us together regardless of our differences.

Isn't it amid the openness and accessibility of this event that circus and conviviality become one and the same?

This year, the Territoires de Cirque is inviting you to take this notion and transform it into a new manner of welcoming audiences and artists.

This is a call to experiment with something new and unexpected. A call to create a moment that, for the time of the Nuit du Cirque, goes beyond the exceptionally high level of “ordinary” conviviality that your organisation offers to create a genuinely “extraordinary” moment of sharing and interaction.

An international event organised by Territoires de Cirque with the support of the French Ministry of Culture.

Partners

TERRITOIRES DE CIRQUE

Founded in 2004 in the wake of the Année des Arts du Cirque [Year of Circus Arts], the Territoires de Cirque network now brings together around 60 organisations — including the 14 official national circus centres — committed to supporting the emergence, creation, and presentation of the circus arts. These structures are open to all forms of performing or specialised arts. They include creative research spaces, national or nationally accredited performance venues, city theatres, cultural service offices, festivals, heritage sites, and production facilities.
